Strip Trial Data

Plant with Confidence: Your 2026 Growing Season Starts Here

In an ever-changing agricultural landscape, diversification is key to resilience. For your 2026 planting season, we've partnered with growers across the region, conducting strip trials on diverse farms to understand how our portfolio performs under a wide range of real-world conditions. These 2025 results aren't just data; they're a powerful tool to help you mitigate risk, capitalize on opportunity, and confidently choose the right seed for your operation. Let's explore the numbers together to find the perfect fit for your farm.

Melland Farms Park River, ND					Planted 5-3-25 Harvested 8-27-25				
Variety	Weight	Ton/Ac	Sugar	SLM	Rec/Sug	Sug/Ton	Sug/Ac	Rev/Ton	Rev/Acre
HIL 2389	67280	26.2	16.8	0.9	15.9	319	8344	\$66.52	\$1,741
